Modern Law College, Pune follows well planned mechanism for curriculum delivery as well as maintains proper documentation. Institution prepares Action Plan at the starting of the Semester, as per Academic Calendar which is prepared every year. Academic Plan is made available on the college website so that students can go through it and come to know the plan and accordingly start preparation. Every teacher is provided with the college diary so that he/she can mention all college activities in the Diary. At the end of semester, it is checked by the Principal. At the starting of the semester, every teacher is required to submit teaching plan for their respective subjects, which includes details of curricular content, on which date, which topic will be taught and thus accordingly teachers make preparation of lectures. Teachers conduct lectures according to teaching plan. They deliver lectures adopting various methods and also take the help of audio-visual tools, like power point presentation, discussions, debates, etc. the students are asked to teach any topic which is already taught in the class by way of presentation. Feedback is taken from the students whether teaching plan was implemented properly or not. As already mentioned only curricular education is not given to the students but along with it for their personality development, some co-curricular, extra-curricular activities are also adopted. 1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained
The College has a very good mechanism for the feedback. Feedback is needed to fill the loopholes which are found after making analysis of the work. The Institute takes feedbacks from the stakeholders of the institute like teachers, students, parents, Alumni. Teachers are the pillars of the institute without which no institute can create its own identity. A teacher is a person who actually implements the curricular content and benefits the students with his/her knowledge and experience. Sometimes due to defective syllabi, the

students are disadvantaged from gaining legal knowledge. A teacher is a bridge between curriculum and the students. He/she is a better person who can comment on the curricular contents in better way. Thus, institute takes feedback from the teachers whether present syllabi fulfils the need of legal education, whether maximum legal knowledge can be imparted through present syllabi, what are the lacunae in present syllabi and which topics can be added in the syllabi. Thus, at last deliberate discussion is made on it and finally, these issues are put forth before administrative authorities of the university so that proper action can be taken by them. Then feedback is taken from the students. The students are those stakeholders of the institute without whom, any educational institute cannot be run. Their satisfaction is of most concern for the institute. The students are asked to give the feedback about teachers, their teaching methods, whether they are able to understand the topics taught by the teachers, whether teaching plan was properly executed, whether all syllabi was covered or not, what difficulties are faced by them during learning process. Then such feedback is analyzed and proper mechanism is implemented so that students will not face these problems again. Their suggestions are taken and implemented. Meeting is conducted by the Principal and discussion is made on it, evaluation made for teacher is discussed and each teacher is asked to give opinion on it. Then feedbacks from the parents of the students are taken about overall institution, parents are asked some questions about their children' development so that institute will come to know their status as an educational institution. Suggestions from the parents are taken and brought into practice. Then feedbacks from the alumni are taken. These feedbacks matter a lot as alumni already have lot many experiences about the institute and they can advise better for the development of the institute. Alumni meeting is arranged for this purpose and feedback is taken from them, suggestions are taken and implemented in the institute. The documentation elated to feedback is properly maintained by the institute. Feedback is made available on the college website and remedial procedures are also mentioned.

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

We have created such an environment and culture in our college that any Outside Maharashtra Students (OMS) and foreign students feel at home in the College. The college has inculcated such values in the students that they have accepted democratically Ms. Zohra Rahimi an Afghan National as their University Representative for the academic Year 201718. We make sure that the students are acquainted with our culture by making them visit the culturally and historically important places in and around Pune. This practice shows the inclusive nature of Indian Culture. We encourage the OMS and foreign students

to participate in various cultural fests. And we are proud that two students namely Zohra Rahimi and Razma Qamari had actively participated in all the cultural events and even won the "Traditional Wear Competition" and to highlight, they both wore Indian Traditional Sarees. Reciprocating the same one of our students from Sri Lanka Ms. Chaturi Mendis had invited a legal luminary Prof. Dr. Vasantha Senaviratne, form Colombo University, Sri Lanka who is a distinguished Personality in her country for an international Seminar as well as for delivering a Guest Lecture to our Students. Another facet of distinctiveness can be witnessed from the mutual help extended by our college to Mr. Syed Tabatabai from Iran who was pursuing his partial research of Ph.D. from Savitribai Phule Pune University and Modern Law College extended help to pursue his research in cyber laws by using the college resources.
