Sub: Appointment as English Communication Skills 2016-17 Trainer

Dear Ma'am,

We are pleased to inform you that you have been appointed as the English Communication Skills Trainer for the students of PES Modern Law College AY 2016-17.

Progressive Education Society's Modern Law College, Pune 16, since its inception in 2003, the College has remained steadfast to its commitment for inculcating the 'spirit of the law' in the law students and the society as a whole.

The need for a course in Communication Skills in English was felt since most of the data that forms the foundation of our legal system has its base in the British legal system, and hence learning English is of utmost importance to our Law professionals. Apart from academics, a sound knowledge of English also gives individuals the confidence to interact in an environment where people come from different parts of the world.

We look forward for your kind cooperation

## LECTURE - II

The lecture would be dedicated to acquainting the students with the concepts of Noun and adjective. Post a brief explanation of the concepts, we shall have a activity whereby each student will attach a particular adjective to his name and justify why that adjective is appropriate for him by narrating an incident.

This would develop the understanding of english grammar and encourage self-reflection in students.

(Ashwati N.)

## HOW TO DESCRIBE A PICTURE.

1<sup>st</sup>. **Focus** on the main part of the picture at the beginning. Look at this picture. What can you see?

*This is a picture of a little girl listening to music with headphones.*

Useful language:

This picture shows There is / there are I can see

2<sup>nd</sup>. **Describe** as much as you can.

*She's about three years old. She's got short fair hair and big dark eyes. She's wearing ...*

Useful language:

In the foreground / in the background On the right / on the left

3<sup>rd</sup>. Try to use your imagination to **make assumptions**. For example:

*The girl could be listening to classical music to improve her mind. Maybe her mother makes her listen to music...or maybe she just listens for fun. She might be listening to music on a train to pass the time.*

*Maybe it isn't even music at all. She may be learning a language....a CD course perhaps.*

Useful language:

**I think... Maybe / Perhaps...**

**Modal verbs of deduction: she must / can't / might be ...** She **looks...**(happy.)/ She **looks like ...** (my little sister).

4<sup>th</sup>. **You can also use personal stories**

Use your stories and examples from your life to speak more. People are much more comfortable talking about their experiences, so talk about yourself. For example when describing the girl listening to headphones you could say:

---

*The little girl is wearing headphones, like the ones my dad had when I was about 6 years old. I remember he used to use them to play the electric key board without bothering my mom. When I wore those headphones some of the black plastic would come off and get stuck on my ears and face. They were huge headphones...not like the ones you can buy today...*

See what I mean? Talking about examples about your life while still describing the pictures...of a girl with headphones but you are more relaxed and comfortable.

It is best to think about the **WHO WHAT WHERE WHEN WHY HOW** of each picture.

Think about the subject, environment, time of day, weather, location, culture...this will give you ideas to keep you talking.

Finally: **Practise EVERY DAY**. If you get your mind used to doing the activity you will find that during the exam you will not struggle to find ideas. Your ideas will come to your mind quickly and with little effort.

**Sub: Appointment as English Communication Skills 2017-18 Trainer**

Dear Ma'am,

We are pleased to inform you that you have been **appointed as the English Communication Skills Trainer for the students of PES Modern Law College AY 2017-18.**

Progressive Education Society's Modern Law College, Pune 16, since its inception in 2003, the College has remained steadfast to its commitment for inculcating the 'spirit of the law' in the law students and the society as a whole. The need for a course in Communication Skills in English was felt since most of the data that forms the foundation of our legal system has its base in the British legal system, and hence learning English is of utmost importance to our Law professionals. Apart from academics, a sound knowledge of English also gives individuals the confidence to interact in an environment where people come from different parts of the world.

We look forward for your kind cooperation.

Communication is both an art and a science. It often involves acts of speaking and listening, reading and writing, but it also goes beyond these and incorporates the transmission of non-verbal language, sign language, codes transmitted electronically (e.g., Morse code), and physically (touch; hormones; muscles, tendons, nerves), and messages communicated through music, and by other means.

In-order to become a well-rounded communicator one needs to be proficient in each of the four language skills. These four skills give learners opportunities to create contexts in which to use the language for exchange of real information, evidence of their own ability (proof of learning) and, most important, confidence. Listening and reading are the receptive skills because learners do not need to produce language, they receive and understand it. These skills are sometimes known as passive skills. The productive skills are speaking and writing because learners are applying these skills in a need to produce language. They are also known as active skills.

## Listening Skills

Listening is a receptive language skill which learners usually find the most difficult. This often is because they feel under unnecessary pressure to understand every word. The listener has to get oriented to the listening portion and be all ears. The listener is also required to be attentive. Anticipation is a skill to be nurtured in Listening. In everyday life, the situation, the speaker, and visual clues all help us to decode oral messages. In due course of listening, be in a lookout for the sign post words. Thirdly one should be able to concentrate on understanding the message thoroughly. Listening Skills could be enhanced by focusing on making the students listen to the sounds of that particular language. This would help them with the right pronunciation of words. To equip students with training in listening, one can think about comprehending speeches of people of different backgrounds and regions. This intensive listening will ultimately help a student to understand more on the accents to be used and the exact pronunciation of words.

## Speaking and Presentation Skills

Language is a tool for communication. We communicate with others, to express our ideas, and to know others' ideas as well. We must take into account that the level of language input (listening) must be higher than the level of language production. In primary schools elocution and recitation are main sources to master the sounds, rhythms, and intonation of the English language through simple reproduction. The manifestations of the language in games and pair work activities are encouraging source to learn to speak the language. This assists the learners to begin to manipulate the language by presenting them with a certain amount of choice, albeit within a fairly controlled situation. This skill could be improved by understanding para-linguistic attributes such as voice quality, volume and tone, voice modulation, articulation, pronunciation etc. This could also be further enhanced with the help of debates and discussions.

Presenting information clearly and effectively is a key skill in getting your message across. Today, presentation skills are required in almost every field, and most of us are required to give presentations on occasions. While some people take this in their stride, others find it much more challenging.

## Reading Skills

Reading is a learning skill. It helps you improve all parts of the English language – vocabulary, spelling, grammar, and writing. It helps to develop language intuition in the corrected form. Then the brain imitates them, producing similar sentences to express the desired meaning. Using skimming or scanning technique to read quickly is highly effective. While reading underlining of key words is a must. Reading Skills help the students grasp the content and draw conclusions. The students should also make it a point to familiarize themselves with the jargons and new words by making reading a habit be it reading newspapers, articles, books, magazines etc

## Writing Skills

Writing provides a learner with physical evidence of his achievements and he can measure his improvement. It helps to consolidate their grasp of vocabulary and structure, and complements the other language skills. It helps to understand the text and write compositions. It can foster the learner's ability to summarize and to use the language freely. To write flawless language one should excel in the Writing Skills with the help of various methods. Importance should be given to composition and creative writing. One should also focus on coherence and cohesiveness when it comes to writing a language.

With these four skills addressed equally while learning English, the learners can be assured of having good communication skills, a great necessity in today's competitive world.

2. Do the following statements agree with the information given in the passage?

Write in your answer sheet -

YES if the statement agrees with the information

NO if the statement contradicts the information

NOT GIVEN if there is no information about this in the passage

- Vehicle pollution is worse in European cities than anywhere else.
- Transport by horse would be a useful alternative to motor vehicles.
- Nowadays freight is not carried by water in the United Kingdom.
- Most European cities were not designed for motor vehicles.

**Identify the TOPIC SENTENCE in each of the following paragraphs-**

1. The best trip my family ever took was to New Orleans, Louisiana. We drove there in two days. I didn't think it would be very interesting, but I was wrong. We saw the Mississippi River, rode a horse carriage in the French Quarter, and visited a cemetery where everyone was buried above the ground. I liked the food best, especially the New Orleans doughnuts called beignets.
2. No one likes to eat with a dirty knife, fork, or spoon. It is important to completely wash all utensils before using them. Clean utensils won't transmit germs and bacteria. They also are more pleasant to eat with.
3. Many people think poetry is old-fashioned and uninteresting. They don't realize that every time they hear a song sung, they are hearing poetry in the form of song lyrics. Just like many written poems, many song lyrics use rhythm, rhyme, and literary imagery. It turns out that poetry isn't old-fashioned; it is as modern as the latest hit song!
4. Growing a garden can be fun, good exercise, and will provide fresh fruits and vegetables for the gardener. It is interesting to watch the seeds pop their heads above the soil for the first time. It is sometimes hard to believe that a little seed can become a large vine or plant in just a few weeks. Planting the seeds and pulling weeds are good exercise for anyone. Then, after watching the plant grow and produce, the gardener ends up with delicious tomatoes, beans, or other yummy produce from the garden.
5. Sometimes it is hard to fall asleep. Maybe you are not sleepy, or maybe you are thinking about what happened during the day. You can also lie awake if a big event, like a test or a party, is happening the next day. There are several things you can do to try and fall asleep. You can try counting sheep, or just counting, which will keep your mind busy with a repetitious activity. Sometimes listening to soft music or gentle sounds, like rain, helps. You can even try telling yourself a story, which may distract your mind enough that you will be asleep in no time.

**Subject- Appointment as a member of Board of Studies for Certificate Course on English  
Communication Skill Course (Per Meditatus)**

Respected Madam,

Progressive Education Society's **Modern Law College**, Pune 16, since its inception in 2003, the College has remained steadfast to its commitment for inculcating the 'spirit of the law' in the law students and the society as a whole.

The need for a course in Communication Skills in English was felt since most of the data that forms the foundation of our legal system has its base in the British legal system; and hence learning English is of utmost importance to our Law professionals. Apart from academics, a sound knowledge of English also gives individuals the confidence to interact in a environment where people come from different parts of the world.

Therefore, we take this opportunity to appoint you as a member of Board of Studies for the aforesaid Certificate Course for the Academic year 2020-21. We are glad to take your valuable guidance for this Academic as a member of Board of Studies for aforesaid certificate course.

Thanking You

Dr. Sunita Adhav

**Subject- Appointment as a member of Board of Studies for Certificate Course on English Communication Skill Course (Per Meditatus)**

Respected Madam,

Progressive Education Society's Modern Law College, Pune 16, since its inception in 2003, the College has remained steadfast to its commitment for inculcating the 'spirit of the law' in the law students and the society as a whole.

The need for a course in Communication Skills in English was felt since most of the data that forms the foundation of our legal system has its base in the British legal system; and hence learning English is of utmost importance to our Law professionals. Apart from academics, a sound knowledge of English also gives individuals the confidence to interact in a environment where people come from different parts of the world.

Therefore, we take this opportunity to appoint you as a member of Board of Studies for the aforesaid Certificate Course for the Academic year 2020-21. We are glad to take your valuable guidance for this Academic as a member of Board of Studies for aforesaid certificate course.

Thanking You
