RESILIENCE IN CRISIS

Date: 22nd November 2021 to 27th November 2021

Time: 03:00 PM to 04:00 PM

In times of crisis, by default we let fear drive us towards a fixed mind set instead of embracing the growth mind set necessary for creativity and resilience. Resilience is the capability of recovering quickly from failure or adversity, and not only returning to the status quo but actually using the opportunity to grow, extend personal development and adapt to the shape of the new environment. Heartfulness meditation practice may help to cultivate the quality of empathy, acceptance, and individual peace. People can also empower themselves by trying new things, like learning a musical instrument or taking a class. Doing so helps people prove to themselves that they are capable of growth and change.

Modern Law College, Ganeshkhind Road had organised an online 6 days session on Resilience in crisis along with various uplifting activities and live meditation program in each session from 22nd November 2021 to 27th November 2021 for all faculty members. These sessions intended to inspire faculty members to be more optimistic, feel more positive emotions, relish good experiences, improve mental health, deal with adversity, build strong relationships and to cope up with stress in a sanguine way.

- **22nd November 2021**

Maneesha Upadhye ma'am has conducted the first day of Session which focuses on Resilience. She explained that Resilience is related to a plethora of positive outcomes, and—perhaps most important of all—it can be improved and added that Resilience is important because it gives people the strength needed to process and overcome hardship.

- **23rd November 2021**

Second day's session was conducted by BR Santosh Susveerkar Sir, this session focused on Self Leadership which taught how self leadership promotes self awareness, identifying desired experiences, constructive thoughts, decision making ability, goal setting ability, and amplifying performance.

- **24th November 2021**

The session was held by S Seshadri madam. This module consisted of the topic- Gratitude. He explained how Gratitude can increase well-being and life satisfaction. And self-gratefulness plays an important role in learning the significance of expressing gratitude.

- **25th November 2021**

Priyanka Srivastava ma'am in this session explained that Relationships are all about communication on every level – through words, body language, thoughts and feelings. Maintaining a relationship of love and respect with ourselves holds equal importance as with others.

- **26th November 2021**

Session on Compassion was held by Sis Chetna ma'am on 26th November, which consisted of discussion on the intentions behind our actions, the need to include everyone equally, and self-compassion: A critical concept, both for working toward self-growth and for achieving world peace.

Report on visit to National Lok Adalat

Venue: - District and Session Court, Shivajinagar Pune

Date: - 11-12-2021

The concept of Lok-Adalat is a unique Indian contribution to the prudential jurisdiction. In India, the notion of Lok-Adalat means "people's court," as the name suggests. At the local level, these systems are known as 'Panchayats' in India, and they have a long heritage and history of being used in society at the ground level or the early level. It has shown to be a very effective alternative to courtroom litigation. The 'peoples court,' also known as the 'Lok Adalat,' is an older concept of resolving conflicts by mediation, negotiation, or an alternate arbitral method. They exist to relieve the judiciary of some of its burdens.

The goal of the visit was to have a better understanding of how a court works and the nature of judicial employees' responsibilities in Lok Adalat cases. To comprehend how the old Indian culture of conciliation and dispute settlement in the form of Nyaya Adalat or Gram Panchayats led to the creation of Lok Adalats, which introduced a new chapter to the country's justice dispensation system. How does it give a secondary platform for victims to resolve their disputes in a satisfying manner?

The tour gave the students a better understanding of how the Lok-Adalat works and how it serves the people, both in terms of the benefits and the disadvantages that the parties had to deal with as a result of the court's unavoidable faults. The pupils saw a one-of-a-kind and efficient judicial legal system.

The Pune District Court held a Lok-Adalat at Shivajinagar court on February 8, 2020, starting at 10.30 a.m. Thirty LLB-II students and college faculty member Assistant Professor Mr. Akshay Ugale gathered on the court for the Adalat.

Following the attendance routine and a brief explanation of the process, students were sent to the court's information section, which exhibited all of the cases scheduled for hearing today. Cases were separated into types and sent to different courtrooms. Students were asked to form groups of three to four people. After the initial group assignment, each group was assigned to a courtroom where they would attend the hearing; students were sent into their respective courtrooms where they attended cases pertaining to the Indian Contracts Act 1872, Civil Procedure Code 1908, Indian Penal Code, Arbitration and Conciliation Act 1996, and others.

International Yoga Day Celebration

Date: 21st June 2022

On September 27, 2014, during his speech at the UN General Assembly, Prime Minister Narendra Modi put forth his suggestion for the occasion of a 'Yoga Day'. A record 177 member states then endorsed the draft resolution proposed by India. The first International Day of Yoga was observed worldwide on June 21, 2015.

Practiced in India since the 5th century, Yoga has been beneficial in keeping the body and mind in sound health. A holistic approach, Yoga targets all the different systems of the body and mind. It is said that the asanas make the body strong and flexible, and as health improves, the mind too is renewed with confidence. The practice of Pranayama regulates the purification of the internal system and the organs, acting as a superior and able supplement to asanas. The energy generated in the body through these physical practices is then channeled into meditation or Dhyana for stability, peace, and calm.

To propagate the message of Yoga amongst its students, Modern Law College also organizes special sessions on Yoga and meditation for its students as well as its faculty members. This year also, the college organized a Yoga session for its students on the campus on 21st June 2022 at 11 am for its students and 12 pm for its faculty members. The session was conducted for both the faculty and its students by our BA.LLB student Mr. Manoj Gaud is a trained professional in Yoga and its practices. In the session Manoj conducted Janvirsasana, Paschimotthanasana, Akarna Dhanurasana, Baddha Konasana, Navasana, Kandhasana, Supta Virasana, Matsyendrasana, Viparita Shalabhasana, Trikonasana, Trikonasana, Vrukshasana, Padmasana, Surya Namaskar.

The faculty members also participated in the program session enthusiastically and did the asanas skillfully. Principal madam and Vice-Principal madam also participated in the program.

Women's Day Celebration Report 2021-2022

International Women's Day is a global day celebrating the social, economic, cultural, and political achievements of women. The day also marks a call to action for accelerating gender parity. Significant activity is witnessed worldwide as groups come together to celebrate women's achievements or rally for women's equality.

Marked annually on **March 8th**, International Women's Day (IWD) is one of the most important days of the year to:

- celebrate women's achievements
- raise awareness about women's equality
- lobby for accelerated gender parity
- fundraise for [female-focused charities](#)

The campaign theme for International Women's Day 2022 is [#BreakTheBias](#). Whether deliberate or unconscious, the bias makes it difficult for women to move ahead. Knowing that bias exists isn't enough. Action is needed to level the playing field.

In association with the Gender Champions Club, Modern Law College organizes various activities every year to celebrate International Women's Day with its students and faculty members. This year too, the college had organized a special session of healing for the staff members of Modern Law College with its teaching and non-teaching staff. The year had been very stressful for the staff members with Corona and diseases everything. To take care of the healing abilities of the staff, a special session by Mrs. Snehal Botre for Sujok Therapy was organized.

What is Sujok Therapy?

In Sujok therapy, the palm and foot represent all the organs/meridians in the body. Su means hand while jok means palm. Sujok can also be done with other therapies and produces no side effects. Developed by Professor Park Jae Woo, this therapy is 100% safe, simple, and easy to perform even by the patients. Since hands and feet are the locations of systems of active

APBibare

points corresponding to all organs and parts of the body, stimulation of these points produces a curative effect. This method is universal. With the help of sujok, various kinds of illnesses can be treated. There is no need for any precautions to be taken during the treatment. Since the therapy is natural and cures only the natural forces in and around the body, it is also one of the safest therapies.

In the session conducted by Mrs. Snehalbotre Madam, the concept and working of Sujok therapy were explained in detail. She told the staff about the history and benefits of the therapy and how it can be used with the help of other therapies without any harm to the body or anything. The therapy cures anxiety, depression, and various mental disorders too. The staff had one-to-one healing done by Mrs. Snehal, where she demonstrated the therapy using sujok devices and things to heal the body.

The session was beneficial for the staff as it helped them cure their body and mental health using different techniques. Asst Prof Akshay Ugale gave the vote of thanks to the program.
